

Active investments in Emerging Markets

The C WorldWide Emerging Markets fund offers a diversified portfolio of high-quality, growth-oriented companies that we consider the best equity investments in Emerging Markets.

Taking into account the particular market structure of Emerging Markets, the portfolio consists of a combination of large as well as medium and small cap stocks in order to gain exposure to the growing importance of the smaller market segment as part of the long-term growth case for Emerging Markets.

We rely on our proven fund of selective stock picking combined with thematic tailwind and a long-term investment horizon. The investment mandate gives our experienced team of portfolio managers the opportunity to select the equities we believe will become superior long-term investments.

The C WorldWide Emerging Markets fund aims to achieve long-term capital growth exceeding the return of the market combined with a moderate risk profile in line with market levels of volatility.

- Experienced managers
- Theme-based investments
- High-conviction stock picks

Emerging markets are countries that are transforming from developing economies into industrialised economies. Geographically, emerging markets are typically to be found in Asia, Latin America, Africa and Eastern Europe. The fund has a concentrated approach based on a narrow selection of carefully analysed investment themes. The fund invests in listed equities in Emerging Markets.

The growth in Emerging Markets offers an attractive investment potential and a growing number of companies in the region are getting increasingly relevant on the global scale.

We invest in carefully selected companies with lasting and responsible business models – companies which will improve over time. This is what we call Compounding.

Our global insights and proven investment strategy set the foundation for long-term value creation.
