

## Selective investing in attractive swedish equities

### Active opportunities in swedish equities

The Swedish equity market is a diverse and exciting collection of companies, many of which have world-class businesses and prospects. The Swedish equity market thus presents an exciting investment opportunity from small, high-growth innovation-rich companies to large, leading companies in diverse industries.

Since this is a constantly changing universe, we use our extensive experience to identify these unique companies and construct a focused portfolio of the most attractive stocks.

We dare to be different. Our extensive experience allows us to deviate from consensus and focus on what's most important.

### Selecting the best companies for you

A focused, actively managed portfolio of 30-35 stocks ensures that every single stock we select makes a difference to your investment returns. Our experience is that a concentrated portfolio of up to 35 stocks present the best opportunities for above-market returns while at the same time ensuring sufficient diversification.

Our proprietary research is key to navigating this universe. Our bottom-up research approach coupled

with a global thematic overlay is key to selecting high conviction stock picks.

Our Swedish-based investment team's hands-on approach results in an extensive number of research meetings continuously identifying the changing landscape.

In addition, the Swedish-based team is part of a specialised global equity firm, which enables us to leverage our local insights with our global outlook.

### Our commitment to you

We are committed to continuously exploring the Swedish equity market, and finding exciting opportunities going forward. We are convinced that the key to success and achieving superior investment returns is an active and focused approach.

### We offer you

- Extensive experience in selecting Swedish stocks
